

Dynamiq GTT: Configure your Superyacht

03 July, 2015 / in [Azure Yacht Design](#), [Dynamic Yachts](#), [Motor Yacht News](#), [Van Oossanen](#)

Dynamiq GTT is a new semi-custom motor yacht line by [Dynamiq Yachts](#) from Monaco with a car-like configurator in sizes of 38.6m (base and sport model) and 40m (D4 L(imousine)).

GTT is a abbreviation for Gran Turismo Transatlantic. The GTT is inspired by the car category GT that offers luxury and performance. Dynamiq follows the concept with a luxury equipped and performance oriented motor yacht. The Dynamiq GTT was designed by [Azure](#) and [van Oossanen](#) with interior design by [Bannenberg & Rowell](#).

The Range: D4 L, S4 and D4

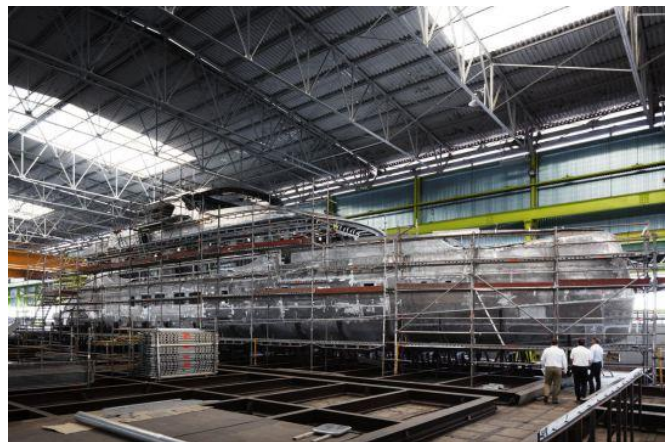

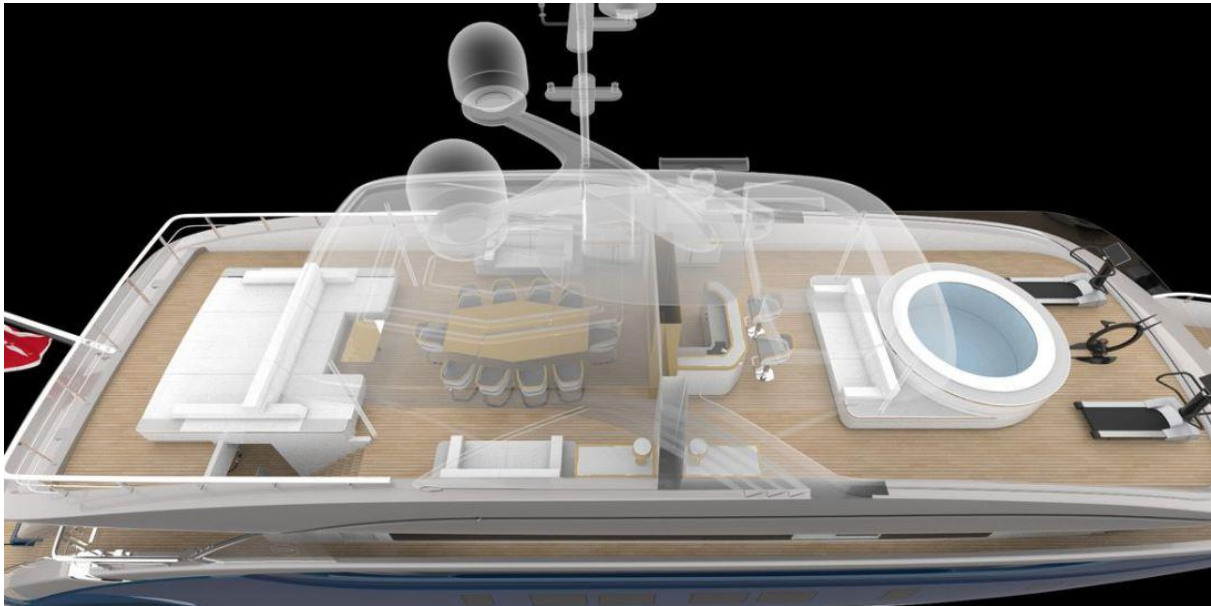

The base model D4 (above) can reach a top speed of 21 knots while the sport model S4 (yellow rendering below) reaches a maximum speed of 25 knots, powered by MAN diesel engines and [Fortjes](#)® pod drives that promises a low-vibration journey. But also a transatlantic range is possible. The yacht has a draft of 1,75m for cruising in shallow waters.

Sergei Dobroserdov (founder and CEO of Dynamiq) comments:

“Our goal was to create a next generation yacht for a new era – efficient, clean, easy to order and customize. And that’s what Dynamiq is all about.”

The Dynamic GTT has an spacious sundeck of 120 m² with areas for sunbathing aft and forward, dining, BBQ, spa pool and an optional cinema. Forward sunbathing area can also be an open air gym.

The concept is equipped with modern technology like an integrated bridge with 24-inch screens, high end audio by Bowers & Wilkins. Dynamic says, that guests can control lighting via smartphone with hue© by Phillips. Also the complete environment via the specially developed D-app can be controled.

The configurator is pretty nice. You can choose from several colors and materials. The configurator tells the price to you and the possible delivery date. Also a lot of options can be chosen.

The Dynamic GTT starts at 13,900,00 EUR for the base model, 14,759,000 EUR for the D4 L and the sport version S4 is available for 15,150,000 EUR.
